ELECTRICAL EQUIPMENT PLANT "VODTRANPRIBOR" 206 LENINGRAD, USSR

The Leningrad Electrical Equipment Plant, "Vodtranpribor", 206, located in north Leningrad, reportedly produces sonar and marine navigational equipment.

A comparison of reveals that the follow- 25X1D ing changes have taken place at this plant: a large three-story E-shaped building (annotation No. 6) has been added, and an L-shaped section has been removed from a two-story building (annotation No. 3).

The small scale of the photography precludes a description of radar and communications antennas, parked vehicles, and security facilities. The plant is not rail served.

Major features of the plant are described on the following page and annotated on the accompanying photograph.

KEY TO ANNOTATIONS

- 1. Four-story irregularly-shaped building, (375' x 55').
- 2. Two-story building, $(250^{\circ} \times 85^{\circ})$.
- 3. Two-story building (210' x 80'). L-shaped section (125' x 60' and 75' x 55') has been removed since World War II.
- 4. Three-story building, $(125' \times 65')$.
- 5. Two-story building, $(85' \times 75')$.
- 6. New, three-story E-shaped building, (main section $495' \times 60'$; wings $160' \times 60'$, $120' \times 70'$, and $120' \times 75'$).
- 7. Two- to three-story C-shaped building, (three-story section 95' x 50'; two-story sections 145' x 35', and 90' x 35').
- 8. Single-story building, $(145' \times 40')$.
- 9. One- or two-story building, (125' x 50').
- 10. Two-story building, $(60' \times 60')$.
- 11. Two-story building, $(175' \times 40')$.
- 12. Three-story building, $(335' \times 105')$.
- 13. One-or two-story building, $(65' \times 65')$.
- 14. Three-story building, $(230' \times 50')$.
